

5055e Product

Kramer 5055e - zero emissions, full power

CO2 emissions, noise and soot particles from diesel engines were yesterday - the Kramer 5055e is the first all-wheel-controlled full-electric wheel loader. What is new is the cost-efficient and, above all, emission-free electrical drive, which makes it possible to work in buildings and noise-sensitive areas. The 5055e is very compact and extremely manoeuvrable due to its four-wheel steering. An electric motor is installed for the travel drive, which provides high performance with good resolution.

- Ecological benefits: in addition to a lower CO2 footprint there is no particulate pollution for users and the environment, thereby a sparing use of resources is ensured.
- Low noise level: less noise pollution for sensitive areas such as hotel premises, city centers, parks, construction sites
- No exhaust emissions: easily work indoors, tunnels complete zero emissions
- Economic benefits: future-oriented technology enables low maintenance costs and rapid amortization of the additional costs

Technical specifications

Operating data			
Bucket capacity (standard bucket)	0,65 m ³		
Operating weight	4.130 kg		
Engine / Motor			
Engine / Motor manufacturer	JULI / Jungheinrich		
Engine performance drive train	15 kW		
Engine performance working hydraulic	22 kW		
Emission standards stage (standard)	emission-free		
Power transmission			
Traction drive	continuously adjustable elec - tric drive system		
Travel speed (max.)	16 km/h		
Standard tires	12-18		
Differential lock	100% VA		
Max. steering angle	2x38 °		
Steering and operating hydraulics			
Max. pump discharge capacity	54 l/min		
Max. pump pressure	235 bar		
Kinematics			
Design system	P-kinematics		
Tipping load (standard bucket)	2.500 kg		
Payload S=1.25 (pallet forks)	1.750 kg		
Tilt-in angle	48 °		
Tip-out angle	42 °		
Filling capacities			
Hydraulic oil tank	40		
Sound emission *			
Measured value	76 dB(A)		
Vibrations **			
Total vibrations value of the upper body extremities	< 2,5 m/s ²		
Highest effective value of weighted acceleration for the body	< 0,5 m/s ²		
Battery			
Supply voltage of battery charger	240 V		
Battery voltage	80 V		
Rated capacity	416 Ah		

Battery weight	1.230 kg
Charging time	6 - 7 h
Running time (hard continuous use) ***	3 h
Running time (normal continuous use) ***	5 h

^{*} Information: Measured according to the requirements of the standard DIN EN 474-1 and directive 2000/14/EG. Measuring station: asphalted surface.

Further technical data can be found in the brochure in the info-material section.

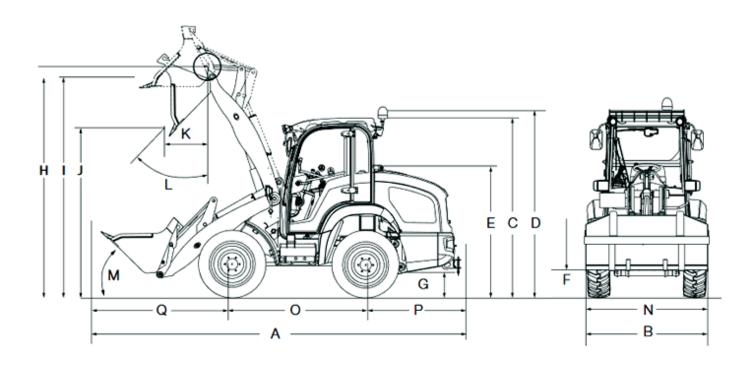

^{**} Uncertainty of the vibration measuring devices according to the requirements of standards DIN EN 474-1 and EN 12096. Please instruct or inform the operator of possible dangers caused by vibrations.

^{***} Determined using Kramer test cycle.

Dimensions

		S = standard loader unit	L = extended loader unit
А	Overall length with bucket and towing device	4.950 mm	5.140 mm
В	Overall width	1.650 mm	1.650 mm
С	Total height with cabin	2.390 mm	2.390 mm
D	Total height with FOPS protection grille	2.470 mm	2.470 mm
Е	Total height upper edge of hood	1.700 mm	1.700 mm
F	Ground clearance in transport position of the loading installation	250 mm	250 mm
G	Ground clearance	280 mm	280 mm
Н	Bucket pivot point	3.050 mm	3.300 mm
I	Overhead loading height	2.880 mm	3.280 mm

J	Dumping height	2.350 mm	2.620 mm
K	Dump reach	320 mm	410 mm
L	Tip-out angle	42 °	42 °
М	Tipping angle	48 °	51 °
N	Track width	1.262 mm	1.262 mm
0	Wheelbase	1.850 mm	1.850 mm
Р	Distance center of rear wheel to rear	1.320 mm	1.320 mm
Q	Distance from the front wheel center to the front edge of the bucket	1.780 mm	1.970 mm
_	Turning radius at the outer edge of the wheels	2.700 mm	2.700 mm
-	Turning radius at the outer edge of the bucket	3.550 mm	3.780 mm

Note: All dimensions refer to the equipment with standard bucket and standard tires.

Please note

that product availability can vary from country to country. It is possible that information / products may not be available in your country. More detailed information on engine power can be found in the operator's manual; the stated power may vary due to specific operating conditions. Subject to alterations and errors excepted. Applicable also to illustrations.
